UNDERTAKING

To
The Director/Concerned Officer
CBSE Affiliation Unit
Central Board of Secondary Education
New Delhi

Subject: Undertaking regarding submission of Fire Safety Certificate and request to permit OASIS updation and processing of re-affiliation

Sir/Madam,

With due respect, this is to submit that the Fire Safety Certificate of our school is presently under renewal and the renewed certificate is expected to be obtained shortly. The school undertakes to upload the renewed/valid Fire Safety Certificate on the CBSE portal immediately upon its receipt.

However, the school is presently required to update OASIS and initiate/complete the process of re-affiliation within the stipulated timeline. Any delay in updating OASIS and initiating the re-affiliation process may adversely affect the school's ability to finalize the LOC (List of Candidates) for Classes X and XII within the prescribed schedule.

In view of the above, it is earnestly requested that the school may kindly be permitted to proceed with the OASIS updation and re-affiliation process, with an undertaking that the renewed Fire Safety Certificate shall be uploaded immediately upon receipt.

We assure the Board that all statutory safety requirements shall be duly complied with and the required certificate shall be submitted/uploaded without any further delay.

This undertaking is submitted for your kind consideration and necessary permission.

Yours faithfully,

03.10.26
